INDEX TO VOLUME 2
Subjects

AAPCC, see American Association of Poison Control Centers
Abbreviated injury scale, 537
Abdominal counterpulsation, cardiopulmonary resuscitation with, 391, 510
  in cardiopulmonary resuscitation, advocation of (editorial), 177
  pancreatic injury caused by, 510
  regional blood flow during cardiopulmonary resuscitation with, 123
AC-CPR, see abdominal counterpulsation
Acid, arachidonic, in cellular injury, 28
  in shock, 28
  peritoneal microphage stimulation and, 60
  fatty, deficeincy in endotoxic and septic shock of, 28
Acquired immunodeficiency syndrome, emergency medicine and, 336
  overview of, 336
Acute mitral regurgitation, 232
Adenosine diphosphate, in sepsis, 38
Adenosine monophosphate, in sepsis, 38
Adenosine triphosphate, in sepsis, 38
AIDS, see acquired immunodeficiency syndrome
Airway maintenance, 399
Airway(s), surgical and needle (journal club), 474
American Association of Poison Control Centers, examination results for information specialists, 129
  National Data Collection System 1983 annual report of, 420
Anesthesia, causes of cardiac arrest during, 241
Antidepressant(s), malprotiline, 144
Anti-shock trousers, see pneumatic trousers
Antitetanus prophylaxis, in emergency department(s) (letter), 280
Arachidonic acid, see under acid
Arizona, emergency medicine in, 363
Arrhythmia, ventricular, bretylium in, 504
  digitalis-induced, 504
Auerbach PS, Geehr EC (eds), *Management of Wilderness and Environmental Emergencies* (book review), 288

β-Adrenoreceptor blocker(s), see β-blocker(s)
β-Blocker(s), pharmacokinetics of, 518
  selectivity of, 518
  toxicity with, clinical features and therapy for, 518
    glucagon therapy for, 518
    isoproterenol therapy for, 518
    signs and symptoms of, 518
Baboon(s), see under experimental animal(s)
Barbiturate(s), value of toxicological screening for, 331
Barkin RM, Rosen P (eds), *Emergency Pediatrics* (book review), 468
Basic life support, mobile intensive care and, 215
  need for training in (editorial), 564
Battery, ingestion of, 500
Bayer MJ, et al, *Toxicologic Emergencies* (book review), 572
Blood flow, regional, during cardiopulmonary resuscitation with abdominal counterpulsations, 123
Blood pressure, during cardiopulmonary resuscitation with abdominal counterpulsations, 123
BLS, see basic life support
Brain damage, ineffectiveness of verapamil in preventing in cerebral ischemia, 481
Brighton, experience with resuscitation ambulances in, 275
Brighton International Conference on Cardiac Arrest and Resuscitation (editorial), 277
Bronchus, left mainstem, intubation of, 406

Calcium antagonist(s), evaluation of in cerebral resuscitation, 321
  verapamil, cerebral ischemia and, 481
Calcium blockers, use in cerebral resuscitation of, 148
Canadian society of Emergency Medicine, establishment of, 171
  objectives of, 171
Cannula, see catheter(s)
Carbon monoxide, clinical toxicology of, 254
Carbon monoxide poisoning, clinical manifestations of, 254
  incidence of, 254
  sources of, 254
  treatment of, 254
Cardiac arrest, assessment of out-of-hospital resuscitation after, 215
  clinical predictors of long-term survival after, 189
  details in reporting of (editorial), 278
  during anesthesia, 241
  emergency coronary care and, 204
  incidence in Virginia of, 204
  long-term survival after, 189
  mobile coronary care and, 222
  out-of-hospital, 204
    Goteborg special ambulances and, 222
    morbidity in, 189
  pediatric, cardiopulmonary resuscitation and, 497
    survival rates after, 497
  resuscitation-related predictors of long-term survival after, 189
  transthoracic pacing in (letter), 281
Cardiac asystole, see cardiac arrest
Cardiac toxicity, malprotiline causing, 144
Cardiac trauma, pericardial tamponade in, 153
Cardiogenic shock, see under shock
Cardiomyopathies, classifications of, 232
Cardiopulmonary resuscitation, see also Fifth Purdue Conference on CPR and Defibrillation
  abdominal counterpulsation in, 391, 510
  central intravenous routes in, 385

drug delivery in, 385
drug selection and delivery in (editorial), 457
electrical model of the circulation in, 299
electrical models of (editorial), 372
ethics in, 273
interposed abdominal compressions with (editorial), 458
mechanized, 262
history of, 262
value of, 262
open-chest (editorial), 565, 566, 568
peripheral intravenous routes in, 385
radio-isotope delivery in research in, 385
regional blood flow with abdominal counterpulsations in, 123
utility of experimental models for (editorial), 371
Catheter(s), hemodialysis, rapid fluid resuscitation with, 157
intravenous, flow rates with, 157
rapid fluid resuscitation with, 157
Catheterization, superior vena caval, 494
complications of, 494
success rates in, 494
Cellular energetics, in sepsis, 38
Cellular injury, prostanoids in, 20
Central nervous system depression, tetrahydrozoline and, 217
Cerebral blood flow, inadequacy in cardiopulmonary resuscitation of, 391
Cerebral cortex, perfusion during cardiopulmonary resuscitation of, 391
Cerebral ischemia, see ischemia, cerebral
Cerebral recovery, role of verapamil in, 481
Cerebral resuscitation, calcium antagonists in, 321
following near-drowning, 148
Children, professional follow-up of families after death of, 315
Chipman C (ed), *Emergency Department Orthopaedics* (book review), 380
Circulation, artificial, abdominal pump in, 299
cardiac pump in, 299
electrical model of the circulation and, 299
thoracic pump in, 299
Circulation, regional, during cardiopulmonary resuscitation, 123
Circulatory arrest, model in rat(s) of, 321
Circulatory shock, see under shock
Community hospital(s), see under hospital(s)
Complement, in shock lung, 78
Compliance, follow-up system, 119
Coronary care, emergency, see also under emergency coronary care
pre-hospital integrated approach in Rotterdam to, 225
Cough, causing rib fracture, mechanisms of, 513
Cough fracture of ribs, 513
forces in, 513
incidence and distribution of, 513
CPR, see cardiopulmonary resuscitation
Critical-care medicine, annotated bibliography of, 283
ethical issues in, 550
moral absurdities in, 554
parable illustrating ethical issues in, 550
Cyanide poisoning, hyperbaric oxygen and (letter), 113
Cystitis, clinical, treatment of, 327

Defibrillation, see also Fifth Purdue Conference on CPR and Defibrillation
energy levels in, 193
in Northern Ireland, 193
Depressive episode(s), diagnostic criteria for, 164
Diagnosis related groups (letter), 281
Diaphragm, diagnosis of traumatic herniation of, 219
post-traumatic rupture of, 219
Digitalis, bretylium in intoxication with, 504
Dog bites, in children (letter), 111
Dog(s), see under experimental animal(s)
Drowning, cerebral resuscitation with verapamil in, 148
Drug delivery, cardiopulmonary resuscitation and 385, 457
Dysgeusia, glossitis causing, 147

Edema, pulmonary, cardiogenic shock and, 232
Electrical model(s), cardiopulmonary resuscitation and (editorial), 372
Electrolytes in hypovolemic shock, 86
Ellis JW, Beckman CWB, *A Clinical Manual of Gynecology* (book review), 572
Ellis JW, Beckman CWB, *A Clinical Manual of Obstetrics* (book review), 572
Emergency care, delays in (editorial), 368
Emergency coronary care, medical control of, 204
Emergency department(s), children dead on arrival in, 315
diagnosis of psychiatric patients in, 309
efficacy of follow-up system of community hospital in, 119
pediatric cardiopulmonary arrest in, 497
pediatric resuscitation in, 497
psychiatric patients in (editorial), 370
standardized protocols in, 172
toxicological screening in, 331
utilization during doctors' strike of, 486
Emergency medical care, organization in the Soviet Union of, 453
Emergency medical services, emergency telephone number(s) and access to, 491
in Columbus, Ohio, 200
Emergency medical system(s), urban, components of, 559
organizational models of, 559
problems inherent in, 559
Emergency medicine, agenda for (editorial), 175
as a separate specialty, 172
as an academic discipline (editorial), 461
cost containment in, 363
in Canada, see Canadian Society of Emergency Medicine
intensive/critical care and (editorial), 108
role in critical care of (editorial), 109
Emergency physician groups, factors in hospital selection of (letter), 374
Emergency physician(s), strike by, emergency department utilization during, 486
Emergency telephone number (911), access to emergency medical systems and, 491
success and compliance rates in use of, 491
EMIT, see enzymatic multiplied immunoassay technique
Emphysema, mediastinal, acute respiratory distress complicating, 402
retropharyngeal, mediastinal emphysema complicated by acute upper respiratory distress in, 402
subcutaneous, pathophysiological mechanisms of, 402
EMS, see emergency medical services
Endotoxic shock, see under shock
Endotoxicosis, glucoregulation in, 70
insulin regulation in, 70
Endotoxin(s), bacterial, 60
biological activity of, 60
chemical structure of, 60
direct effects on muscle glucose uptake of, 45
Endotracheal intubation, indications for, 399
left mainstem bronchus intubation caused by, 406
performance in the field of (editorial), 459
Endotracheal tube, use by paramedics of, 399
Entrapment of finger(s), see finger(s)

Enzymatic multiplied immunoassay technique (EMIT) (editorial), 369
Epinephrine, abdominal counterpulsation cardiopulmonary resuscitation and, 391
Esophageal obturator airway (letter), 179
Esophagus, rupture of, Heimlich maneuver causing, 507
Essential fatty acid, see acid, fatty
Ethanol, value of toxicological screening for, 331
Experimental animal(s), baboon(s), verapamil in cerebral ischemia and, 481
cardiopulmonary resuscitation and (editorial), 371
dog(s), abdominal counter pulsation CPR with, 123
cardiopulmonary resuscitation research with, 385
cerebral blood flow during cardiopulmonary resuscitation in, 391
hypothermia and, 210
skeletal muscle metabolism during endotoxic shock in, 45
pig(s), verapamil in cerebral ischemia and, 481
rabbit(s), perfused liver preparations in, 20
rat(s), C3H strain, and endotoxic shock, 13
circulatory arrest in, 321
insulin secretion in pancreas of, 70
procedure for cardiac arrest in, 321
sepsis in, 38
shock induced in, 28
External pacing, clinical application of, 230
Eyedrops, nonprescription, central nervous system depression from ingestion of, 217

Facial injury, cervical spinal injury and, 333
Fat pad(s), evaluation of wrist and elbow trauma with, 526
Fat plane(s), evaluation of wrist and elbow trauma with, 526
